Mobile HR™

Managing timesheets and expenses whilst on the move can be cumbersome and time consuming. Paper based and legacy administration activities not only impact the productivity of your front-line workforce but also can result in costly processing by your accounts and administrative staff. If you are after a simple and effective solution then Mobile HR™ can help.

What does Mobile HR™ do?

Mobile HR™ enables businesses to implement a simple timesheet logging and expenses solution. The product comes with the ability to setup and configure your own categories and codes enabling owners and managers to implement seamlessly with their existing policies. A simple self-service management portal enables powerful operational control and auditing resulting in a feature-rich yet cost-effective system.

Features of Mobile HR™

- Android App for smartphone and tablet: no special equipment is needed.
- Timesheet entry modes enabling workers to log time against previously setup and configurable activities and codes.
- Expenses entry modes enabling workers to scan images and log expenses against previously setup and configurable activities and codes.
- Tracking to understand where your mobile workers are.
- Offline support so if no signal on the mobile device the data will be sent when a connection is re-established.
- Comprehensive event auditing enabling analysis and review.
- Export facility of both text and images.
- Geofence support where alerts are generated if users enter or exit pre-defined zones, offering greater security.
- UK business day software support as standard with optional 24/7 support.

Benefits of Mobile HR™

- Automates HR functions giving you the opportunity to process reports in seconds with less mistakes.
- Save money by reducing the overheads involved in the process and the time taken to traditionally process timesheets and expenses.
- Web-based, hosted and self-service resulting in low cost of ownership and operational cost.
- Easily extendable with flexible architecture enabling rapid creation of new services as you want.
